

The same condition name can let in a handful of diagnoses or dozens

Each square is one standard SNOMED CT concept a definition's ICD-10 codes map to (OMOP, Athena)

■ only in the first definition ■ only in the second ■ in both

READING THIS

Widening sleep apnoea to any sleep disorder adds 16 concepts to the 1 they share.
All of K59 adds 13 to constipation's 1: a bowel-dysfunction definition, not a constipation one.
Focal and generalized epilepsy share 0 concepts. Laxative purchases have no condition concept at all.
